Comments:

- They should ask more questions.
- They didn't ask many questions.
- Good sense of style.
- Judges should be more friendly. They are very stiff and almost make you nervous.
- The judges never told us their experience with sewing or modeling, so I had no idea that they were professional. Otherwise, they had good style and questions.
- They could have asked more questions to get to know about the outfits.
- Smiled but not much; 2 questions.
- Give an opportunity to say what changes you made to your pattern. We had less people this year, why didn't we have more judging time?
- Seemed like there was lots of silence.
- They were mean.
- They didn't say a whole lot. I think more conversation would be better.
- I liked how they smiled at you, and didn't look mean.
- No.
- Did not allow students to share changes they made to patterns. Not enough questions. Why didn't have extra time if there were less than 60 participants?
- Need more questions. I changed the dress a little and would like them to ask about it.
- Ask more questions; let us tell you about our creations.
- Professional, friendly, good questions.
